Professional Summary

Corporate Trainer with 18+ years of overall experience, including 10 years of hands-on industry experience with leading organizations such as Microsoft, Deloitte, and Infosys. Specialized in delivering enterprise-level training in Data Engineering, Cloud Platforms, and Business Intelligence with real-world project expertise and instructional excellence, enabling learners to bridge the gap between theory and practical application.

Specializes in delivering high-impact training programs across data engineering, analytics, and cloud platforms, with a focus on enterprise use cases, hands-on labs, and business-driven insights.

Core Expertise

- ✓ Data Engineering & Analytics
- ✓ Cloud Data Platforms & Architecture
- ✓ Business Intelligence & Visualization
- ✓ End-to-End Data Pipeline Development
- ✓ Enterprise Data Solutions & Best Practices

Technology Stack

- ✓ Databases & Querying: Microsoft SQL, Oracle PLSQL, MySQL, NoSQL
- ✓ Cloud Platforms: Azure, Fabric, Databricks, Snowflake
- ✓ Visualization Tools: Power BI, Tableau, Google Data Studio
- ✓ Data Modeling Tools: ERWin, Visual Studio, Visio, Diagram.io
- ✓ Programming: Python, PySpark
- ✓ Big Data & Processing: Databricks, ADLS, Big Query, RedShift, DBT
- ✓ Others: GIT, GITHUB, JIRA

Core Competencies

- ✓ Corporate Training
- ✓ Certification Training
- ✓ Induction Training
- ✓ Project Consulting
- ✓ Data Platform Architect Services

Professional Experience Highlights

- Delivered corporate training programs to professionals ranging from entry-level to senior architects across multiple domains.
- Designed and executed customized training curricula aligned with organizational goals and project requirements.
- Extensive hands-on experience working on enterprise-scale data solutions in roles held at Microsoft, Deloitte, and Infosys.
- Mentored teams on modern data stack adoption, cloud migration strategies, and performance optimization techniques.

Industry Experience (10+ Years Total)

Database Administrator – Microsoft

- Developed and maintained data-driven applications and reporting systems.
- Gained foundational expertise in SQL, ETL processes, and enterprise systems.
- Involved in ASM Project (Microsoft Client) for BGCoE Project

Training Experience Highlights

- Trained **1000+ professionals** across corporate clients and institutions
- Delivered sessions for **beginner to advanced levels**
- Designed **end-to-end data engineering learning paths**
- Conducted **corporate bootcamps and certification programs**
- Achieved consistently high feedback ratings from participants
- Training Skills include proficiency in: Azure, Snowflake, Databricks, Python, SQL, PySpark, Fabric, Power BI & Tableau

Corporate Training Clients

Accenture	Wipro	TCS	L&T
Xyenta	ADP	SutherLand Global	LTI MindTree
Value Labs	Islamic Bank	Avasoft	Convergys
Caliber Tech	Mimics Soft	Quislex	Raksys, More..

References (Invoices) can be furnished on request.

Certifications

- Microsoft Azure Certifications (DP 300, DP 900)
- Power BI Certification (DA 100, PL 300)
- Databricks Certification (Data Engineer Associate)

Key Strengths

- Excellent communication and presentation skills
- Ability to simplify complex technical concepts

- Strong industry + training experience blend
- Learner-focused and interactive teaching approach

Education

B Tech, 2006. JNT University, Hyderabad

Additional Information

- Available for corporate training (online/offline)
- Open to consulting and mentoring engagements

Strengths Of Service

Training:

- ✓ Detailed, Step by Step Classes
- ✓ Concept wise assignments
- ✓ Weekly assessments
- ✓ Certification Guidance

Consulting:

- ✓ Workflow Control (End to End)
- ✓ Result Driven
- ✓ Customer Friendly
- ✓ Easy to manage & mingle with Tech Teams & BA Teams

Availability:

I am available for Inhouse & LIVE Online Trainings. Corporate Mode.
